

CONSERVATIVE POLICY FORUM

CPF

The CPF is the national group that enables Party members to discuss the major policy challenges facing our country and to have their voices heard.

As well as publishing regular policy discussion papers, the CPF runs online polls, broadcasts video conferences with government ministers and holds roundtable discussions with members at 10 Downing Street, so members are really missing out if their association is not involved!

Get involved – help shape future policy on the issues affecting all of our lives and communities:

The CPF plays a key role in ensuring that Party members have the opportunity to help shape Government Policy. We need to make the most of all of the talent that exists within our Party, and harness our members' enthusiasm.

THE RT HON THERESA MAY MP

Prime Minister and Leader
of the Conservative Party

“The dedicated work of the CPF and its members is a real asset to us in Government that is greatly appreciated. I look forward to the future contributions the CPF will make as we continue to demonstrate that it is the Conservative Party that is coming up with the answers to the challenges working people in Britain face.”

- The Rt Hon Sajid Javid MP, Secretary of State for Communities and Local Government
